

**IDDI (International Drug Development Institute)** is an international data center in the field of clinical research headquartered in Belgium with offices in Boston. We are looking to fill the following positions for our Ottignies Louvain-La-Neuve office:

**Project Leader:** The Project Leader is the key client contact for large projects where IDDI is performing multiple tasks (randomization, data management and statistics). He/she will lead the project to ensure that it is completed on time, within budget, and with appropriate quality.

Your profile:

- ⇒ Thorough knowledge of Clinical Trials
- ⇒ At least 5 years experience in Randomization, Data Management or Statistics
- ⇒ Experience in managing large projects across different teams including client facing activity
- ⇒ Great eye for detail and ability to work under pressure and as part of a team.
- ⇒ University degree, preferably in science
- ⇒ Excellent written and oral English
- ⇒ Experience in IWRS and/or eCRF systems is beneficial for the position

**Clinical Data Manager:**

Your profile:

- ⇒ University degree, preferably in science
- ⇒ Thorough knowledge of SAS software.
- ⇒ Minimum 2 years of experience as a data manager.
- ⇒ Excellent written and oral English.
- ⇒ Experience in eCRF systems and knowledge of SQL, XML languages and CDISC standards are beneficial for the position.
- ⇒ A good knowledge of databases in clinical trials is an asset.

We offer a challenging opportunity in an innovative and growing company.

Please send your CV to IDDI by e-mail: [hr@iddi.com](mailto:hr@iddi.com) as soon as possible.
