

## **Who can become a “BioWin Member”?**

**Full membership** may be granted to private and public legal entities (companies, university academies, universities, high school institutes, research centres, training centres) with a place of business or operating in the Walloon Region and active in research, development and / or the application of products, platforms and technological processes in the “health” sector.

**Affiliated membership** may be granted to natural or legal persons, whether private or public, whose activities support the development of the “health” sector in Wallonia, such as:

- Federations and professional associations
- Consulting companies, consulting firms, consultants, experts
- Service companies
- Technological platforms, competitiveness clusters and other groups active in the health sector.
