

BIOWiN

Driving health innovation

Membership benefits 2026

Accelerating Belgian life
science innovation

Become a member. Get support. Move faster.

BioWin is the main health innovation network in Wallonia, Belgium. Our member community includes around 95% of the region's health and life sciences organisations.

Our network is active in:

- Biopharmacy (incl. advanced therapies)
- Medical devices and in vitro diagnostics
- Nuclear medicine
- Digital health

And brings together:

- R&D and manufacturing companies
- Clinical research organisations
- Universities
- Hospitals
- Research centres
- Ecosystem partners

A strong life sciences ecosystem

260+

supported organisations

A proven track record

90+

supported R&D projects

Driving health solutions forward

313M€

mobilised by BioWin in public-private investment

Doing better, together.

We connect the best in Walloon entrepreneurship, science, medicine and engineering to transform innovative health-tech and biopharma ideas into concrete health outcomes.

A partner of choice in the building of collaborative projects and product portfolios, we maximise partnership and market expansion opportunities, facilitate funding access and influence the sector's industrial policy.

By joining BioWin, you become part of a member **driven cluster** that supports your organisation at every stage of innovation—helping you **turn ideas into projects, projects into impact, and impact into long-term value.**

What your membership gives you

3 ways we accelerate your impact

Innovate with the right support

Accelerate your collaborative innovation and R&D ambitions with structured, hands-on support:

- Access BioWin's full range of **innovation and R&D services**, including funding support, project structuring, scientific guidance and strategic advice.
- Benefit from **open innovation accompaniment**, from idea maturation to consortium building and project follow-up.
- Benefit from direct, ongoing access to the BioWin team for **tailored innovation support**.
- Participate in **technology networks, expert workshops and collaborative initiatives** addressing key scientific, technological and industrial challenges.
- Leverage BioWin's ecosystem to identify relevant partners at regional, national and European level.

Connect with the right partners

Grow your network, partnerships and influence:

- Engage with a **dynamic community of health innovators** through high-value networking activities and thematic events.
- Benefit from **around 30% discount** on all BioWin-led and co-organised events, including flagship conferences – View upcoming BioWin events
- Enjoy **free access to exclusive member-only events**, including the BioWin Annual Dinner.
- Take part in **expert groups and strategic working groups**, contributing to collective reflection on the future of health innovation.
- Eligibility to the **Board of Directors***, giving you voting privileges and a strong leadership position.

*only for entities with R&D and manufacturing activities in Wallonia

Amplify with the right visibility

Boost your presence and positioning both locally and globally:

- Be featured in BioWin's **searchable member directory**.
- Gain visibility through BioWin's website, social media channels and newsletter, including a **new-member announcement**.
- Share your news, events and success stories with the BioWin network.
- Extend your reach through **press release distribution services**.
- Access **on-demand visibility boosts**, tailored to your communication objectives

BioWin events (Belgium)

Event calendar 2026

BioWin flagship events:

BioWin flagship events connecting the community and fostering innovation partnerships.

BioWin Annual Dinner – Members-only dinner with 120+ C-level leaders from BioWin's regional ecosystem.

Nuclear Medicine in Belgium – Conference bringing together Belgium's unique nuclear medicine value chain and European actors.

Co-organized events:

Health on Stage.be – Matchmaking event with ~200 participants, where Belgian hospitals reverse-pitch to innovative companies.

Science for health – In-depth conference on biology-technology topics, connecting industry and academia (300+ participants).

Open innovation events – Year-round events connecting medtech, digital health, nuclear medicine and biopharma communities.

Sponsor our events.
Boost your visibility.
